THE CHICAGO ARCHITECTURE CENTER

Conveniently located right above the river cruise dock, the Chicago Architecture Center (CAC) boasts two floors of fascinating exhibits. This acclaimed new attraction features supersized models of famous skyscrapers from around the world, a scale city model with more than 4,200 miniature buildings, a gift shop for design lovers, and much more.

WHERE THE STORY OF THE CITY BEGINS

For more than 25 years, the Chicago Architecture Foundation Center River Cruise aboard Chicago's First Lady has made millions of lasting memories for visitors and locals.

The docents who lead this award-winning, 90-minute tour undergo rigorous training to expand and share their knowledge of Chicago architecture.

CAC docents are an important reason why the CAFC River Cruise is considered "The Architects' Choice" and Chicago's only "official" architecture cruise.
